

# Proceeding Apr05 Overview

---

3rd American Samueli Symposium  
Developing Healing Relationships  
Alexandria, VA  
April 21-22, 2005

## Sponsors

Samueli Institute

## Purpose & Focus

To explore and discuss the subject of optimal healing environments; specifically healing relationships. Relationships and communication are the key to the delivery of caring, healing and quality medical care. Trust, honesty, compassion, and communication form the primary components of healing relationships. The elements of a healing relationship are examined and how they contribute or detract from healing environments.

## Audience

Basic and clinical scientists, academics, health maintenance organization providers and administrators, policy makers and philosophers.

## Outcome

The 11 papers prepared for the conference were published as a Supplement to the Journal of Alternative and Complementary Medicine in December 2005.
